

Birmingham Child Contact Centre

Equal Opportunities & Diversity Policy

1. Introduction

- 1.1 Birmingham Child Contact Centre strives for high standards both as an employer and as a provider of services. In so doing, we recognise the need for encouraging diversity and wholeheartedly support a policy of equal opportunities in all areas of our work and responsibilities.
- 1.2 This policy provides guidance to enable all who work with or for Birmingham Child Contact Centre to comply with anti-discrimination legislation. The policy will also address anti-discrimination issues involving areas that currently fall outside any legislation.
- 1.3 Failure to follow the procedures in the policy may lead to disciplinary procedures or other appropriate action.
- 1.4 Birmingham Child Contact Centre's aims and objectives will be achieved through action planning, effective monitoring and a willingness to tackle problems where they arise. Birmingham Child Contact Centre is committed to reviewing this policy on an annual basis. Through our training, publications, interaction with members and other activities, Birmingham Child Contact Centre will ensure those we work with know our statements of policy.
- 1.5 Birmingham Child Contact Centre will regularly review the implementation of its Equal Opportunities and Diversity Policy and strategy. Where evidence is found of ineffectiveness, immediate remedial action will be taken to ensure implementation.

2. Definitions

- 2.1 Equal Opportunities ensures that policies, procedures and practice within Birmingham Child Contact Centre do not discriminate against the people within it. It is about treating people fairly and equally regardless of who they are, their background or their lifestyle.
- 2.2 Diversity ensures that all people are valued as individuals and are able to maximise their potential and contribution to Birmingham Child Contact Centre and to the community. It recognises that people from different backgrounds can bring fresh ideas and a different approach, which can make the way we work and learn more fun, more creative, more efficient and more innovative.
- 2.3 Direct Discrimination occurs when an individual is dealt with less favourably on the grounds of race, colour, nationality, ethnic or national origin or gender. Also because of, for example, marital status or caring responsibility; sexual orientation; age; physical, sensory or learning disability; mental health; political or religious beliefs; class; HIV status; employment status; criminal convictions; union activities.
- 2.4 Indirect Discrimination occurs when a requirement or condition, which although it applies equally to persons of all groups, is such that only a considerably smaller proportion of a particular group can comply with it. Examples: a rule about clothing that disproportionately disadvantages a racial group; requiring applicants to have British qualifications.
- 2.5 Victimisation occurs when an individual is treated less favourably because that person has asserted rights under the Sex Discrimination Act, the Race Relations Act or the Disability Discrimination Act or acted as a Whistleblower on such activity. People must be able to act against unlawful discrimination without fear of reprisals.
- 2.6 Harassment means repeated, unreciprocated and unwelcome comments, looks, actions, suggestions or physical contact which is found objectionable and offensive and which might threaten an employee or participant or create an intimidating or uncomfortable environment. Harassment can be sexual, racial, directed against people with disabilities or indeed related to any characteristic exhibited by the individual.

- 2.7 Positive Action refers to measures taken to assist employees or learners who have been under-represented in specific areas, to reach a level of workplace knowledge and competencies that is comparable with 'representative' employees. These measures would normally take the form of additional training. 'Positive discrimination' at the point of selection for work is not permissible.

Birmingham Child Contact Centre encourages volunteers, members and trustees to be aware of the less obvious types of discrimination which result from general assumptions and pre-conceptions about the capabilities, interests and characteristics of individuals.
